

PERFORMANCE AUDIT OF THE SOLID WASTE DIVISION, DEPARTMENT OF ENVIRONMENTAL MANAGEMENT (PIA-82)

SCOPE OF WORK – DEM SUGGESTION

- What would it take for the Solid Waste Division to be a fiscally self-sufficient division?
- How does this compare to the possibility of privatizing the services provide by the Solid Waste Division?
- Is the Solid Waste Division sufficiently staffed and equipped to provide the current services to the public?
- Does the Solid Waste Division have sufficient staffing and equipment to comply with all regulatory requirements?
- Is the Landfill Diversion Program making the best use of the limited fiscal resources?

RECEIVED AT PIA MEETING ON 11/06/14

Deputy Director of Environmental Management
